***Nail Trims:** Nail Trims are done by appointment only. All patients must be current on a rabies vaccine and have been examined by one of our veterinarians within the last 12 months. There could be additional charges due if your pet is aggressive or needs sedation for the nail trim. We will not put undue stress on a pet or put a staff member in danger for any nail trim.

****One Time Enrollment Fee:** This fee is assessed to cover the administrative cost of offering these plans. It is only charged one time per OWNER and will not be charged again. Plans auto enroll into the Adult Cat Basic at the end of the initial contract term.
